- (i) A member of the public reported that Mr Bailey's attention now seems to be on forestry and fishing, with a limited amount of camping. He reported that there was nothing that would appear to lead to planning permission. He informed Councillors that the meeting with the environment agency had still not taken place, however he is still keen to ensure this meeting takes place. The Parish Council thanked him for all his efforts with this matter and agreed that he had done great job.
- (ii) A member of the public asked the difference between the Parish Council AGM and the Annual Parish Meeting. The Chair explained that the AGM is a personal meeting between the Councillors. The Annual Meeting dates back to a time when the public were not allowed to speak at Parish Council meetings and the public were only allowed to speak once a year at the Annual meeting. Lyng Parish Council has however, allowed public participation for many years. The member of public went on to ask why the meeting dates were now not being published in the Hill and Vale magazine. An adjustment to the location of the windows could help eliminate problems. Comments were made about the proposed development; the site is in a prominent location overlooking the River Wensum Conservation Area and this would need to be taken into account.

8 Highways

8.1 Permissive path - *This item was brought forward to the beginning of the AGM meeting to accommodate Mr Sayer.*

Mr C Sayer was invited to speak about the permissive access route in Sparham. Mr Sayer explained that there were two routes; one around the Sparham village, which is used extensively and also the linear access along Lyng Road. Funding was previously provided for this but from 2012 this funding was withdrawn. The agreement to the access finishes on 31st July 17, if no agreement is made between the land owner and the Parish Council it will cease to exist. Mr Sayer explained what is required; a legal agreement that satisfies both sides which is vested with the County Council, signs, an acceptance of a proper use and enjoyment of the countryside and a nominal fee. Sparham Council were keen to keep it open and were hoping for a contribution towards it. The Parish Council agreed that this was a widely used facility for the village and would need to look at costing before a decision was made. **Action: Clerk to look into adapting the current agreement on Fairmeadow and find out the costings involved with Fairmeadow.**
